

SHIMADZU is one the leading Manufacturers / Suppliers of Analytical & Scientific Instruments such as SPECTROSCOPY, CHROMATOGRAPHY, PHYSICAL TESTING, LIFE SCIENCES & ENVIRONMENTAL Monitoring instruments.

Shimadzu has consistently accepted the challenge to develop pioneering technologies to ensure that our customers in all the fields have ready access to a variety of high-tech products. In line with the corporate philosophy, Shimadzu has been serving the Society through Science and Technology.

With the inherited fervor to provide total solution, Shimadzu has been serving the Indian customers since the many years through its established network of distributors.

Shimadzu Analytical India Pvt. Ltd. is a wholly owned subsidiary of Shimadzu Corporation, Japan. It has been established in April 2006 to reaffirm the commitment towards our customers. We provide an extensive range of products, value-added services and customer support.

Our Customer Support Centres are a step further in the pursuit to aid customer support by way of technical trainings, product demonstrations, method development, application support & other pre / after sales support. We focus on customer demands & emerging technologies, we assure the best possible customized solutions for their analytical requirements.

The product marketing itself is being done by our well established network of Distributors as follows:

- Toshvin Analytical Pvt Ltd → All analytical instruments excluding HPLC & LCMS
- Spinco Biotech Pvt Ltd → HPLC & LCMS + GC & GCMS (Andhra Pradesh & Eastern States)
- Swan Environmental Pvt Ltd → Environmental Monitoring instruments
- Amkette Analytics Ltd. → Analytical weighing Balances

We continue to support the success of our customers by using our technology & know-how thereby assuring continued commitment to support our valued customers.
